AUSTRIANS Have Definitely Abandoned Offensive in Southern Tyrol

ITALIANS CONTINUE PURSUIT

Russian Offensive In East Under Headway

CRUX IN VERDUN BATTLE

New Assaults By Germans West of Thiaumont Completely Stopped By the French Artillery and Infantry Fire, According to Paris War Office's Official Report.

The war situation as it appears today from official reports from European capitals, is given as follows by the Associated Press:

The Austrians have definitely abandoned Tyrol and are falling back, according to today's reports from the Italian front.

The evidence of a decided flagging in the Austrian aggressive, which began to appear when the Russian offensive in the east got under headway, are now supplemented by Rome's announcement that the Austrians are retreating along a front of some twenty miles in the Asiago sector. The Italians are keeping up a vigorous pursuit.

The Verdun battle, by all accounts now in a crucial stage, was continued last night with new assaults by the Germans west of the Thiaumont works, north of the town. The French artillery and infantry fire, however, completely stopped the attempt of the Germans to advance down the For de Terre ridge, according to the Paris war office.

The French themselves claim to have made some progress in regaining ground, capturing portions of trenches between the Fumin and Chenols woods, northeast of Fort de Souville.

Probably preparatory to bringing their lines west of the Meuse up to those on the east bank, the Germans are vigorously bombarding French positions in the former sector. The artillery fire is especially vigorous in the neighborhood of Dead Man Hill.

The trial on a charge of high treason of Sir Roger Casement, alleged instigator of the recent Irish rebellion, was begun in London.

U. S. CONSULATE IS STONED BY A MEXICAN MOB.

Washington, June 26.—A report that the American consulate at Torreon was stoned by a Mexican mob was received at the state department today from an El Paso agent. The information was brought by a traveler and did not disclose the extent of damage. The consulate was closed and its records removed several days ago.

ANOTHER FIGHT WAS REPORTED; NOT CONFIRMED

Columbus, N. M., June 26.—A report was current here today that another encounter of American and Carranza troops had occurred in the vicinity of Villa Ahumada. Army officers here have not confirmed it.

El Paso, June 26.—Mexican officials in El Paso and Juarez said they had heard nothing of fighting at Villa Ahumada or any other point.

Pershing's Column Parallels That of Mexicans; Each Has Patrols in Intervening Space

El Paso, June 26.—Carranza troops in northern Chihuahua are being concentrated hastily and in force along the line of the Mexican Central railroad between Juarez and Chihuahua City, according to press dispatches here today.

Military men assume from this movement that in the event of hostilities with the United States, the Mexican plan contemplates the sparing of no effort to hold the railroad, the main artery of transportation from the border to the interior.

While the Mexican troops are being aligned along the railroad, other reports indicated that General Pershing's expeditionary command less than fifty miles to the west has been drawn into a parallel line extending up the Santa Maria valley from El Valle to Columbus, N. M. Large Mexican forces are being gathered at Villa Ahumada and at Moctezuma, according to reports here. General Pershing has his largest forces at El Valle and Colonia Dublan.

Between the two lines, which are

Latin-American Republics Will Not Offer Mediation After Talking With Lansing

Washington, June 26.—South and Central American republics will not offer mediation to the United States in the Mexican crisis at this time. This was made known today by Minister Calderon of Bolivia after a conference with Secretary Lansing.

Minister Calderon said Secretary of State Lansing had indicated that the United States considered this was no time for mediation. The minister added, however, that the Latin-American countries might consider the subject again after the United States had received a reply to its note to the de facto government of Mexico.

PERSHING READY FOR ACTION IF IT IS ORDERED

El Paso, June 26.—Gen. Pershing's punitive expeditionary force in Mexico is ready for action if action is necessary.

Today, according to the best information here, his southernmost outpost is near El Valle, less than fifty miles from Colonia Dublan, the main base.

It is believed that from El Valle a large and mobile force may be pointed eastward in a strategic position, toward the Mexican Central railroad. In the neighborhood of 12,000 men, in splendid fighting trim, composed of General Pershing's army, has been sent to the front to aid in the speedy transportation of infantry.

With the lines and Mexicans paralleling for at least one hundred and fifty miles, the rash action of some subordinate commander it is considered here, might at any time embroil the main commands. Fears that events might be thus hastened prompted border commanders to redouble their vigilance today.

AUTO BANDITS SHOT MAN AND DEFIED POSSE

Warren, O., June 26.—Two men driving a stolen automobile loaded with stolen tires are believed to be hiding in a barn in the outskirts of Ravenna today, after shooting Police-man Roy G. Strock of this city early this morning and staging a revolver battle with farmers in the woods near Ravenna and another with officers on the main street of the same town. Poses formed by the sheriffs of Trumbull and Portage counties have surrounded the barn and will attempt to capture the fugitives.

Policeman Strock was patrolling the streets at 2 o'clock a. m. looking for automobile thieves. A machine with two men as passengers approached. Strock ordered it to stop. When it slowed down he mounted the running board to question the driver. The other man in the car whipped out a revolver and shot Strock in the back of the head. The driver threw on speed and escaped. Strock was taken to the hospital where the bullet was taken from the base of his skull. He will recover.

Sheriff Thomas, Deputy Sheriff Gillen and Police Chief Flowers at once took up the hunt for the bandits. They were reported driving toward Ravenna. Farmers, notified, waylaid them in a patch of woods.

400 MOLDERS AT WEHRLES' ON A STRIKE

MEN WANT TO FORCE UNION OFFICERS TO ADJUST DIFFERENCES.

Which Had Occurred With Company and to Do This Called a Strike.

In an effort to force recognition from the International Molders' Union of North America, of which the local Molders' Union No. 152 is a branch organization, four hundred molders employed by the Wehrle Stove company, at 10 o'clock this morning, laid down their tools and walked out of the shop.

The walk-out, according to officials of the Wehrle company and corroborated by several members of the local union, was for the purpose of forcing Joseph F. Valentine, President of the International Union, to send an officer to Newark to adjust a number of grievances which have been existing between the men and the Wehrle Company for some time. The request of the local union for an adjuster from the International office to settle the controversy, has been ignored by the "higher-ups" in the union, the men say.

Some time ago the local organization sent word to the International office in Cincinnati, asking that an adjuster be sent here to settle several grievances between the men and the company. The officer did not come. Nothing was heard from the Cincinnati office and last Friday night, the local union took action, at a meeting, to force the issue.

An ultimatum was sent to President Valentine notifying him that if an officer was not in Newark to make an adjustment, by Monday morning at 10 o'clock, the men would strike. This morning at the appointed hour for the officer to arrive, the men quit work and walked out of the shop.

George E. Pickup, general manager of the Wehrle company, immediately upon learning that the men were going to strike, met with the officers of the local union. He asked that the men go back to work and await the arrival of the officer from the international union, but his request was refused.

"I offered to concede every demand made by the men, pending the arrival of an officer from the international union and asked them to return to work," Mr. Pickup stated to an Advocate representative this afternoon. "But my requests were met with refusals."

"For some time past," Mr. Pickup continued, "there have been a number of small grievances existing between the men and the Wehrle company, which we were unable to agree upon. Then the men asked that an officer be sent here to adjust matters. When their request was ignored they took action to force the international union to recognize them, as they felt they paid their money into the organization and should be recognized."

"When I met the local officers this morning I urged them to return to work and await the arrival of the officer and told them that I would personally ask the president of the union to send a man here immediately. Also that we would put the 'wind out' at noon so as to let the men out of the shops about two hours earlier. My requests were refused and the officers insisted that we await the arrival of the officer."

"A short time later I got into communication over the telephone with President Valentine and he promised to have a man here by this evening," Mr. Pickup said. "I have done everything that possibly could be done to prevent the strike, but the trouble does not seem to be between the company and the men as much as between the men and the international union."

"With the arrival tonight of the adjuster, the strike will in all probability be ended before tomorrow and the men back at work," he continued.

"We have a number of men in our employ who have bought or are buying homes and I do not believe they are in sympathy with the strike movement."

The members of the local union met this afternoon in their lodge room in the Red Men's hall to discuss the situation. It is more than probable they will not accept Mr. Pickup's offer and return to work until an officer has arrived to settle their differences with the company.

President Ernest Weaver, of the local organization was seen just before the meeting this afternoon by an Advocate representative and when asked if Mr. Pickup's statement about the controversy was according

Carranza's Reception of Note Which Demands Release of Prisoners Will Determine Question of Peace or War

Washington, June 26.—Secretary Lansing's note to the de facto government reached Mexico City last night and Special Agent Rodgers arranged to deliver it immediately. This was reported in a cablegram from Mr. Rodgers sent last night and received today. There was nothing in the message to indicate how the demand for release of the prisoners taken at Carrizal and for a declaration of policy by Carranza was received or when a reply might be expected.

Washington, June 26.—Whether a state of war shall exist between the United States and the de facto government of Mexico depends upon the formal declaration of policy by General Carranza expected hourly today in response to the note telegraphed to Mexico City yesterday by Secretary Lansing.

The American government will insist upon the immediate release of the American aviators captured at Carrizal as demanded in the note but high officials of the administration explain in interpreting the communication that the course of the United States will be determined by Carranza's final statement of his intentions toward the American expedition in Mexico to protect the border, rather than on the specific circumstances of the Carrizal incident.

The war department had not received at an early hour the letter from Captain Lewis S. Morey of the tenth cavalry giving the first official version from American sources of the fighting at Carrizal. It had been advised, however, that Morey was safe at one of General Pershing's camps and a complete report on the affair was expected promptly.

The published text of Captain Morey's letter was construed as indicating that the American troops were to some extent responsible for the clash.

Officials noted this fact but said that an official account from Captain Morey would be the basis of judgment rather than the hurried note written by a man who was suffering from wounds and thirst. It was pointed out, however, that Secretary Lansing's note did not found its demands upon a statement that the Mexicans precipitated the fight. Apparently the question has no direct connections with the course President Wilson is pursuing. The Mexican note saying General Carranza personally directed that General Trevino resist any movement of American troops in Mexico except in retirement toward the border, is the real issue.

The Washington government construes this action as a formal avowal of deliberately hostile action.

It demands that if this is Carranza's purpose he should so state through regular diplomatic channels. Aside from the diplomatic propriety of making a subordinate military officer a medium of communication the state department recalled numerous instances where the acts of military commanders have been later disavowed by the de facto government and it is known that many of Carranza's commanders are not fully under his control.

Members of congress were informed of all phases of the situation during the day by the chairman of the foreign affairs committee who held a long conference with the president last night. The president then indicated that he might desire to address the house and senate soon but no steps toward arranging for a joint session will be taken until the Carranza reply is received. It is understood that Mr. Wilson plans to tell

congress if Carranza adheres to his present avowed policy that the de facto government of Mexico is waging war against forces of the United States employed in protecting the American border.

South and Central America diplomats continue their activities looking toward mediation. Ignacio Calderon, minister of Bolivia, made an engagement to confer with Secretary Lansing at 3 o'clock to inquire on behalf of his own and several other Latin American nations whether the United States would entertain an offer of mediation.

The communication disclosed that General Carranza had admitted in a note received by the state department, issuing orders to General Trevino to attack American forces moving in any direction except toward the border. In carrying out these orders the attack at Carrizal occurred. Consequently, the American government now considers the de facto president responsible for the attack and gives him a final opportunity to change his attitude.

The text of the note to the Mexican de facto government transmitted today to James Linn Rodgers, special representative of the American government in Mexico City, says: "Mr. Arredondo yesterday delivered to this government the following communication: 'I am directed by my government to inform your excellency with reference to the Carrizal incident, that the chief executive, through the Mexican war department, gave orders to General Jacinto B. Trevino not to permit American forces from General Pershing's column to advance further south, nor to move either east or west from the points where they are located, and to oppose new incursions of American soldiers into Mexican territory. These orders were brought by General Trevino to the attention of General Pershing, who acknowledged the receipt of the communication relative thereto. On the 22nd instant, as your excellency knows, an American force moved eastward quite far from its base, notwithstanding the above orders, and was engaged by Mexican troops at Carrizal, state of Chihuahua. As a result of this encounter several men on both sides were killed and wounded and 17 American soldiers were made prisoners.'

'You are hereby instructed to hand to the minister of foreign relations of the de facto government the following: 'The government of the United States can put no other construction upon the communication handed to the secretary of state of the United States on the twenty-fourth of June by Mr. Arredondo, under instructions of your government, than that it is intended as a formal avowal of deliberately hostile action against the forces of the United States now in Mexico and of the purpose to attack them without provocation whenever they move from their present position in pursuance of the objects for which they were sent there, notwithstanding the fact that those objects not only involve no unfriendly intention towards the government and people of Mexico, but are on the contrary intended only to assist that government in protecting itself, and the territory and people of the United States against irresponsible and insurgent bands of rebel marauders.'

'I am instructed, therefore, by my government to demand the immediate release of the prisoners taken in the encounter at Carrizal, together with any property of the United States taken with them, and to inform you that the government of the United States expects an ear-

ly statement from your government as to the course of action it wishes the government of the United States to understand it has determined upon, and that it also expects that this statement be made through the usual diplomatic channels and not through subordinate military commanders.'

President Wilson arranged last night for a possible joint session of the house and senate later this week which he may address after the Carranza reply is received. Chairman Stone of the senate foreign relations committee, Senator Lodge, ranking Republican member, and Chairman Flood of the house committee on foreign affairs, conferred for more than an hour with the president, and after their call Senator Stone said:

"We will never have peace down there until we use force enough to compel it."

Mediation proposed by Minister Calderon of Bolivia and other South American diplomats was not being considered seriously, by President Wilson or other administration officials, it is thought. Large forces of militia, sworn in as United States regulars, will be on their way to the border within two days, army officers said today, and these will go on in steadily increasing numbers as the week progresses. By Friday or Saturday, the United States will be in a much better position to strike, if it is decided that this is the only course open to solve the dispute with Mexico.

The return to General Pershing's line of Captain Lewis Sydney Morey, commander of troop K, which participated in the Carrizal fight, and his story of how the Mexicans started the firing there, is causing rejoicing in official circles. Captain Morey's report strengthened the American government's attitude, that it

Heroic Captain Morey Gives Orders to Men to Leave Him to Die, but Is Found Alive

Field Headquarters, Mexico, June 26, by wireless to Columbus, N. M., June 26.—Twenty-three American soldiers are known to have lost their lives on the battle field at Carrizal, according to a report of General Pershing from Major Jenkins, commanding the Eleventh cavalry column ordered to scour the country in that vicinity for survivors.

The report told of the rescue in safety of Captain Lewis S. Morey, after he had made a daring stand in the face of heavy Mexican odds and heroic personal sacrifices in an effort to save the lives of his men. Major Jenkins said he had evidence that nine American troopers, in addition to those previously reported dead, had been killed.

A note found on the body of Capt. Charles T. Boyd, the American commander, who lost his life in a charge on the Mexican machine gun trench, proved that General Felix Gomez, the Mexican commander, invited him into the town of Carrizal, and that he had refused and afterwards conferred with Gomez outside the town. Neither the note book of Captain Boyd nor that of Captain Morey, both of which were recovered, threw any new light on the clash, according to the report. After the first firing, K troop under Capt. Morey's command, took refuge in an adobe house, Major Jenkins reported. Realizing that they were surrounded

At Mobilization Camp at Columbus Must Be Completed

BEFORE GUARDSMEN SHOULD COME

Adjutant General Hough Maintaining This Position

TROOPS OF OTHER STATES

Have Been Ordered to the Border and Some Leave This Afternoon for the South—These to Come Mostly From the Eastern States—Paroled Prisoners Cannot Enlist.

Columbus, June 26.—'Units of the guard are being recruited and drilled; the mobilization camp is being completed; equipment is being sent by the war department; orders will probably be issued tomorrow evening and the first troops will arrive here Wednesday.'

This, in substance, was the way Adjutant General Benson W. Hough summed up the status of the mobilization of Ohio national guardsmen today.

With tenacity, the adjutant general is clinging to his belief that no great number of militiamen should be permitted to encamp here until the sanitation system has been completed. When encampment will be ordered will be determined first by the completion of the system of sanitation and second by the arrival of equipment for the new recruits.

"In the past week I have had 25 requests from paroled prisoners from the penitentiary and reformatory asking if they may enlist in the Ohio national guard," said Gov. Frank B. Willis today. "Though, personally I think this would be desirable, I have had to tell all such applicants that it will be necessary for the United States to alter its rules before enlistment of paroled prisoners may be authorized."

The governor then quoted from a section of United States army regulations which provides that no one who has been convicted of a felony or who has been imprisoned in a reformatory, penitentiary or jail, shall be allowed to enter military service.

"Neither can a paroled prisoner enlist without swearing to a lie when he takes the oath which is required," said the governor.

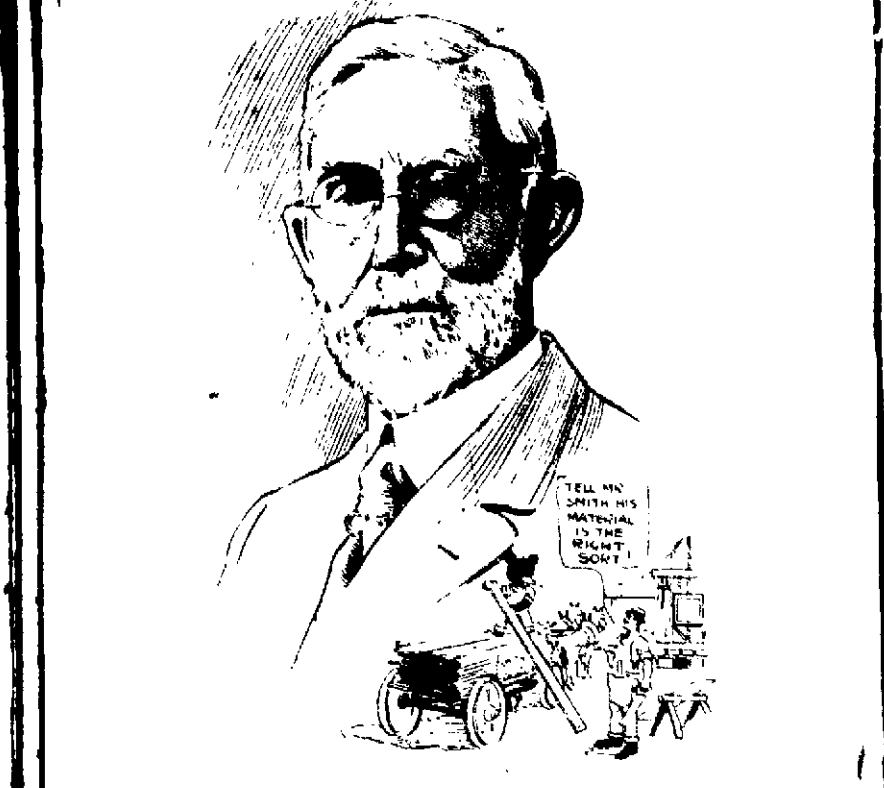

No one connected with the Ohio national guard is more regretful than Adj. Gen. Benson W. Hough that the militiamen are not now in their mobilization camp and that possibly the troops will not all be here before Thursday.

With each succeeding day, inquiries as to "when will the first troops arrive," become more numerous at the Adjutant general's office. Guard officers want to know. Relatives of enlisted men want to know. The enlisted men themselves are perhaps the most concerned, for sleeping in armories, wearing olive drab uniforms, seemingly incessant drilling and giving attention to arms and equipment so they will be in readiness for instant removal, have ceased to be novelties.

But Columbus is not their ultimate goal. They believe, the sooner they reach the mobilization camp, the sooner they will be made

# Victor Newark

IT WAS DURING THE ADMINISTRATION OF WILLIAM H. SMITH, president and treasurer of the P. Smith Sons Lumber Company, as president of the Newark Board of Trade, that the momentum of the city's industrial growth first gained impetus, the Jewett Car Company and the Ruggs Hatter Factory being among the industries to locate in Newark. And during his two terms as president and one term as vice-president, Mr. Smith was one of the most active men in keeping the industrial growth on the incline. Aside from his great interest in the civic improvement of the city, he has been responsible for the rapid growth of the P. Smith Sons Lumber Company, one of the oldest establishments in Newark. At an early age he entered the lumber game and served his apprenticeship under his father, Patrick Smith. He began as a driver of a lumber wagon and piling lumber in his father's yards. He completed a business course in the Newark schools and then finished up at the De La Salle Institute, in Toronto, Canada. For six years after he left school, Mr. Smith was engaged in the lumber, supplies business and farming in Kansas and Iowa. Returning to this city he again entered the employ of his father and at the latter's death became the head of the firm. He is vice-president and director of the Newark Trust Company, president and director of the South Side Lumber Company, of Columbus, and director of the New Steel & Lumber Company, also of Columbus. Mr. Smith is member of St. Francis de Sales congregation, of the Newark Lodge B. P. O. Elks, No. 391, and the Country Club.

## NEWARK SENDS 8 RECRUITS TO CAMP THUS FAR

**MEN WHO ENLIST WILL BE DISCHARGED WHEN TROUBLE IS OVER.**

No Danger of Being Called Upon for Strike Duty Officer Says.

Eight recruits from Newark have joined the Ohio National Guard and now are ready for President Wilson to summon them for duty on the Mexican border, according to Sergeant H. F. Wilson of West Church street, who is recruiting men for Co. G, Fourth regiment, O. N. G. The men were sent to Columbus by Sergeant Wilson and ordered to report to the Columbus recruiting station. A great many more have signified their willingness to enlist and a complete list will be made known of the Newark recruits in a few days.

"There seems to be a tendency," Sergeant Wilson said today, "for the men of Newark to hold back from enlisting on account of their having to remain in the guard after the Mexican trouble has been adjusted." The strength of Co. G during peace times, is 65 and in time of war 141. The men who enlist now for services will be discharged as soon as the trouble is over, if they care to, and the number reduced again to 65 men.

"It is practically the same thing as enlisting as a volunteer,"

he said. "When the first call for Guards was made in Newark, the recruits were slow in joining on account of their objections to strike duty, but I learned officially from headquarters in Columbus, that the men enlisted now, will be discharged as soon as the trouble is over."

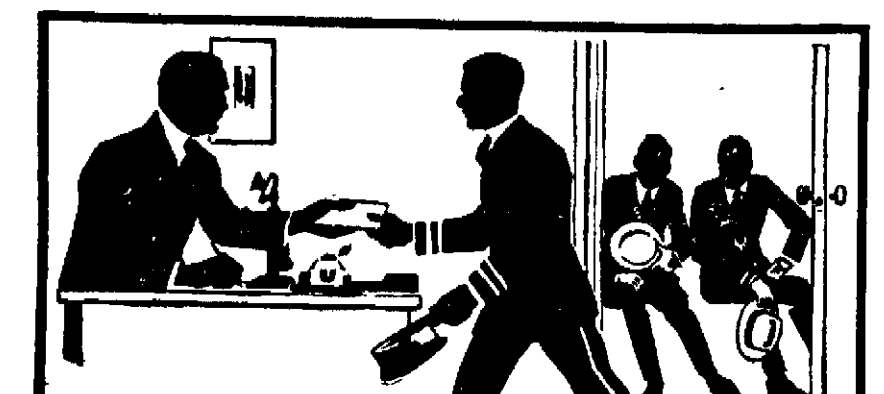

This ruling will be the means of securing a number of men from this city to join Company G. The company at present is composed mostly of college men, 90 per cent being from Ohio State University. Captain Munkh of Co. G has passed through all the military departments of O. S. U. and is still connected with that department. There are three men in the company who have been majors at the university and between 12 and 15 men who have held commissioned offices in the O. S. U. military department.

The young men of this city who desire to enlist with Company G, are asked to report at 19 West Franks street, Columbus, which station is located near the O. N. G. camp.

Saturday, Milton Monnet of this city, formerly captain of Newark Co. G, enlisted in the old company as a private. But owing to his previous experience in guard work, he was made a corporal.

Recruiting Officer Miller of the United States Army, who has been here since last Friday, said today that he had only secured one prospect for enlistment in the regular army. He expects to remain here a week longer and hopes to secure several recruits for the United States regulars. At present Mr. Miller is located in room 48 of the Buckeye club.

A church said to be the smallest in America, was recently dedicated in Manchester, N. H. The main auditorium is 18x28 feet, with seats for about 70 persons. In a tiny gallery are seats for 28. There is also a vestry and a basement.

### URGES STRONGLY THAT PROGRESSIVE PARTY SUPPORT HUGHES.

Letter From Him Read at National Committee Meeting Causes Much Discussion.

(ASSOCIATED PRESS TELEGRAM) Chicago, June 26.—Theodore Roosevelt, in a letter read to the Progressive national committee in session here today finally declined to accept the presidential nomination of the party and strongly urged the organization to support Charles E. Hughes. The colonel's letter was read by Oscar King Davis, secretary of the committee.

The meeting of the national committee of the party was called to order by Matthew Hale, of Massachusetts, vice chairman, in the absence of Victor Murdock of Kansas, chairman of the committee. The message from Colonel Roosevelt was given close attention by the committeemen.

Among those who favored the endorsement of Hughes were George W. Perkins of New York; Chester H. Rowell, of California; and William Flinn, of Pennsylvania. Opposed to such endorsement were John M. Parker, of Louisiana, vice presidential candidate of the Progressive party; Matthew Hale, of Massachusetts and others.

fit for service on the Mexican border.

Approximately 400 recruits were added to the Ohio national guard over Sunday, according to reports made from all over the state to the adjutant general's office here today.

Fifty officers and men of the Ohio national guard today took examinations for promotion in guard ranks. The examination was conducted in the state house under the supervision of army officers.

Among those who are seeking promotion were former guard officers, Spanish American war veterans, enlisted men and officers of almost every rank.

Spurred by the orders which went out to National Guardsmen in other states to move to the border the Ohio troops were today awaiting orders which would either bring them to the mobilization camp at Columbus or start them toward Texas. It seemed probable, however, that the first guardsmen would not be ordered to Columbus before Wednesday or early Thursday.

There is still some necessary equipment lacking and the camp is not completely ready. Adjutant General Benson W. Hough said he expected that orders might be sent out for the Eighth regiment to move to Columbus Wednesday.

A force of 1,000 laborers worked at the camp yesterday while a detachment of the Fourth infantry and the Ninth battalion kept eighteers from interfering with the work.

Adjutant General Hough said today he had no advice from the war department either in regard to the movement of troops or to the effect that equipment necessary to outfit many of the new recruits has been shipped. He said "some troops" would probably arrive here Wednesday, but refused to indicate what organizations would be ordered into camp that day.

This afternoon, Adjutant General Hough said that while every effort was being made to complete the work of putting in sewers, latrines, water, etc., at Camp Willis, Upper Arlington, that it will be hardly possible to finish the work by tomorrow night and that for this reason no troops would reach camp before Wednesday.

Captain John D. Spelman of Cincinnati, surgeon on duty with the First Field hospital, today was ordered to come to Columbus at once and join the detail which is working under Colonel Hall.

Dr. W. S. Hoy, who represents Jackson County in the house of representatives aged 60, today offered his services to the adjutant general. He wants to go as a surgeon.

Major Robert Mearns of Chicago, chief federal mustering officer for Ohio, today began assembling his staff at the Adj. Gen.'s office and began mapping out the schedule to be followed in mustering the Ohio troops into the United States service. The mustering in will begin just as soon as they reach Camp Willis.

## FIRST OHIO LOOK FOR ORDERS SOON TO JOIN OTHERS.

(ASSOCIATED PRESS TELEGRAM) Cincinnati, June 26.—Officers and men of the First regiment, O. N. G., were more eager than ever today to be called into active service. Their two days' stay at Camp Proctor with rigid military discipline and the hard work of camp life only served to increase their desire to be ordered to the southwest. Chers greeted Col. William Cooper Procter's announcement to each of the three battalions that he firmly believed that the First would receive the call within a few days.

"I have every reason to think that we will be called out within a short time," Colonel Procter told his men.

It is now practically certain that the First regiment will not go to Camp Perry on July 22 to 29, the dates originally set for its summer camp. A request was sent to Adjutant General Hough several days ago asking that a permanent camp for the regiment be established at either Camp Procter or Upper Arlington and according to Adjutant Victor Heintz, General Hough looked with favor on such a plan in the event that the regiment is not called into federal service.

## DAUGHTER OF A SOLDIER OF WAR OF 1812 IS LIVING IN LICKING COUNTY.

Mrs. Ellen C. F. Litten of Granville Has Relics of Father Who Died in Chatham in 1875.

Through an article which appeared in the Advocate last week in which it was claimed that Mrs. Elizabeth Hickey Metz, 75 North Second street, was the only real daughter of the war of 1812, another daughter of this war has been discovered.

Mrs. Ellen Carwin Frenier Litten of Granville is another Licking county woman who makes a bid to share the honors with Mrs. Metz of being the only real daughter in this county. Mrs. Metz was listed in an issue of the "National Society of the U. S. D." magazine as the "only real daughter in Licking county." This was due to the fact that Mrs. Litten has never made her claim known to the United States Daughters' Society, while Mrs. Metz is a member of the National Society.

"My father, Lewis Frenier, (his French name being Lafrenay) was in the war of 1812," Mrs. Litten said today. "He was born in Montreal, Canada, March 25, 1791. He died in Chatham, Licking county, September 27, 1875. I do not know anything of his war record, but my half brother has his coat that he wore in the war."

"It is a military spiked-tail and the buttons seem to be gold, for they are not tarnished."

"He was honorably discharged and drew a pension of \$8 a month until his death and then my mother received \$4 a month pension the rest of her life."

"Uncle Sam was not so liberal then as now, or would I say, it was because we had no Hon. William A. Ashbrook to look after the interests of the soldiers and their widows? My father came to the United States before he was 18 years old."

Mrs. Litten says she has the certificate of baptism from the priest who baptised her father the day he was born. It is written in old French. She also has her father's naturalization papers.

## KENTUCKY GUARDS LEAVE FOR CAMP.

(ASSOCIATED PRESS TELEGRAM) Frankfort, Ky., June 26.—The first units of the Kentucky national guard to receive orders to move to the concentration camp at Fort Thomas are company K, second regiment of Ashland and a signal corps company of Lexington. They are to prepare the camp for the reception of the other units making up the Kentucky brigade. Orders for the entire brigade to move to the mobilization camp are expected tomorrow.

Adjutant General Cole early in the day sent out an appeal to owners of motor trucks to lend their cars for transportation of equipment to the railroad station.

## 3 GUARD REGIMENTS FROM PHILADELPHIA LEAVE TUESDAY NIGHT

(ASSOCIATED PRESS TELEGRAM) Harrisburg, Pa., June 26.—Upon the receipt of orders from the war department Adjutant General Stewart today ordered the first brigade, comprising the first, second and third regiments of Philadelphia to prepare to leave the mobilization camp at Mt. Gretna by tomorrow night. The brigade will be accompanied by one battalion of engineers, one field signal corps, one field hospital corps.

## NEW YORK TROOPS WILL MOVE TODAY FOR THE BORDER.

(ASSOCIATED PRESS TELEGRAM) New York, June 26.—The movement of national guard troops from the department of the east toward the Mexican border will begin today in response to the appeal of Secretary of War Baker to Major General Leonard Wood urging him to start the troops south as soon as they were reasonably ready.

Fourteen regiments, including infantry, cavalry and field artillery, together with signal, hospital, ambulance and engineering units are under orders from General Wood to start before night. Early today it appeared doubtful whether all these commands could get away within the 24 hours time limit specified by General Wood.

## EYE GLASSES WILL BAR FROM SERVICE IN SOME BRANCHES.

(ASSOCIATED PRESS TELEGRAM) Peekskill, N. Y., June 26.—Men who are compelled to wear eye glasses will not be accepted for service in the national guard on the Mexican border, unless they are enlisted in the hospital, ordnance or other branches of the service where keen sight for shooting is not required, it was announced today. Men with flat feet or who suffer from acute or chronic diseases, particularly heart trouble or tuberculosis, or hernia, will be barred. As regards the teeth, all molars must be perfectly sound. Evidence of excessive nervousness will cause rejection as the monotony of camp life frequently develops a nervous ailment into mental trouble, frequently resulting in melancholic insanity.

## MARYLAND TROOPS TO MOVE AT ONCE.

(ASSOCIATED PRESS TELEGRAM) Camp Harrison, Md., June 26.—Adjutant General Henry M. Warfield received a telegram from the war department today directing him to be in readiness to move the Maryland guardsmen at once. He was asked how soon he could have a regiment of infantry ready to entrain and replied that it will be ready within 48 hours.

## ANOTHER

Through an article which appeared in the Advocate last week in which it was claimed that Mrs. Elizabeth Hickey Metz, 75 North Second street, was the only real daughter of the war of 1812, another daughter of this war has been discovered.

Mrs. Ellen Carwin Frenier Litten of Granville is another Licking county woman who makes a bid to share the honors with Mrs. Metz of being the only real daughter in this county. Mrs. Metz was listed in an issue of the "National Society of the U. S. D." magazine as the "only real daughter in Licking county." This was due to the fact that Mrs. Litten has never made her claim known to the United States Daughters' Society, while Mrs. Metz is a member of the National Society.

"My father, Lewis Frenier, (his French name being Lafrenay) was in the war of 1812," Mrs. Litten said today. "He was born in Montreal, Canada, March 25, 1791. He died in Chatham, Licking county, September 27, 1875. I do not know anything of his war record, but my half brother has his coat that he wore in the war."

"It is a military spiked-tail and the buttons seem to be gold, for they are not tarnished."

"He was honorably discharged and drew a pension of \$8 a month until his death and then my mother received \$4 a month pension the rest of her life."

"Uncle Sam was not so liberal then as now, or would I say, it was because we had no Hon. William A. Ashbrook to look after the interests of the soldiers and their widows? My father came to the United States before he was 18 years old."

Mrs. Litten says she has the certificate of baptism from the priest who baptised her father the day he was born. It is written in old French. She also has her father's naturalization papers.

## MEXICANS WITHDREW MANY BORDER TROOPS TO STRATEGIC POINTS.

San Antonio, Tex., June 26.—News reaching army headquarters here today indicate that the Mexican forces along the Rio Grande from Matamoros to Juarez, either have withdrawn their main strength from the border or are preparing to do it. It also is indicated that these troops are taking station at strategic points along a line well south of the border railroad junctions to allow of the rapid handling of troops, or where the topography of the country permits of a strong defense.

Their new line, it is reported, parallels in a way, the course of the Rio Grande and would command the strategic points of Monterey and Saltillo, the Coahuila coal mines. They furnish the main fuel supply of Mexico. Paredon, the main railroad junction point between Monterrey and Saltillo and Torreon, and which probably will be the main base of the Mexican army and Chihuahua City.

General Funston's forces along the border are ready for any movement which the Mexican situation may make necessary. Army officers express the belief that even should negotiations with the Carranza government as a result of the note despatched by Secretary Lansing yesterday, be long continued the feeling now prevalent among Mexicans across the border would cause some act that must precipitate a clash.

The complete story of the Carrizal fight, partly told last night in the letter from Captain Morey of the Tenth cavalry, eagerly is awaited by General Funston.

Brief reports from General Pershing early today contained the news that Captain Morey had been rescued by a scouting party detached from Major Jenkins' troops. Major Jenkins reported that two squadrons of the Eleventh were continuing their sweeping search for survivors of the Carrizal engagement and indicated that at the time he filed his report early Sunday none of the Mexican troops had been encountered.

## AMERICAN REFUGEES RELEASED; DETAINED BY CARRANZA MEN.

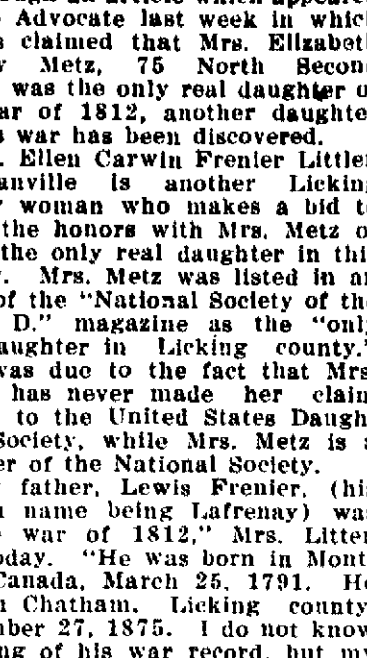

Nogales, Ariz., June 26.—A party of three American refugees including a woman, are here today after being detained by Carranza troops at Sasabe, a pass in the mountains 40 miles west of here, and finally being released with orders to walk to the border. The three, Mrs. M. C. Darwin, owner of a Hermosillo drug store, Harry Hoffer, and J. C. Clay, left Hermosillo for the border in a motor car Wednesday night, and arrived here last night.

Clay having been ordered for a reason unknown to him, not to leave Sonora, then traveled to avoid cities but was intercepted at the passage and Clay placed under arrest. When he protested, he said, the soldiers threatened to shoot him. After selling their baggage and the car, however, the party was released, reached a telephone and called here for an automobile to rescue them.

## J. L. Brilliant's Leg Broken When Auto Turned Turtle; Others in Car Uninjured

Jacob L. Brilliant, manager of the Brilliant Company in South Third street, was quite badly injured Sunday afternoon about 5 o'clock when his automobile turned turtle on the National road at Mt. Sterling, between Brownsville and Zanesville. In the machine at the time with Mr. Brilliant were his wife, their little son Joseph, and two nieces, Deloris Friedman, aged 12 of Dayton, and Edith Brilliant, also aged 12, of Zanesville. None of them was injured.

Mr. and Mrs. Brilliant, son and niece had gone to Zanesville early in the morning to spend the day with the former's brother, Lee Brilliant, of McIntire avenue, the party leaving at 4:30 in the afternoon with the latter's daughter Edith. Near Mt. Sterling where road repairs are under way Mr. Brilliant attempted to pass another car and ran the wheels off the concrete road, the machine turning over. Residents of Mt. Sterling rushed to their rescue. The children were able to climb from the wrecked car and only sustained slight scratches. Mr. Brilliant was held fast under the machine and was lying on top of Mrs. Brilliant, the latter escaping with only slight injuries.

Bradley's ambulance was summoned and brought Mr. Brilliant to his home, 39 Pearl street. Dr. J. G. Shirer was called and found that his left leg was fractured and that he had sustained a number of body bruises. He was resting very comfortably this afternoon but passed a very restless night. His physician states that there are no internal injuries and that the patient is doing as well as could be expected under the circumstances.

## TROOP TRAINS ON B. & O. HAVE RIGHT OF WAY

OVER EVERYTHING ON THE  
SYSTEM EXCEPT PRESIDENT  
OF U. S.

Patriotic Utterance of President Wil-  
lard—Safety First Special in  
City Tomorrow.

Deer Park, Md., June 24.—"The boys who are answering the call of President Wilson to mobilize are putting on their uniforms determined to follow the colors wherever they may go," said President Daniel Willard in his address to the staff of Baltimore and Ohio officials in session here, "and we, too, have enrolled in the colors for service and will do everything within our power to facilitate their movement. They shall have the right of way over everything else moving over our railroad, except the President of the United States and shall be treated exactly as if they were members of our individual families. Nothing will be left undone to make them as comfortable as possible, for the Baltimore and Ohio shall aim to be an efficient aid to the government in this emergency and serve the country as earnestly as it did in the days of '61."

This patriotic statement by the head of the big railroad system whose officers are here from every section of the country was followed by an outburst of applause that took the form of a demonstration when Mr. Willard closed his address by saying that he and every official within the range of his voice had pinned on the national colors and would not take them off until the country's troubles are over.

Discussing the public policy of the Baltimore and Ohio in the light of the new era of railroad administration and operation, Mr. Willard said further that it shall be the aim of the company to render the greatest degree of service to the public under every circumstance with a view to being regarded at all times as a good neighbor whose first concern is the interest of the communities which it serves. He said it will do anything which it legally may in time of emergency and that nothing shall stand in the way when calamity threatens or danger impends. We want to deal with the public just as two honorable men deal with each other, was the way President Willard summed up the attitude of the men associated with him in the operation of the system.

People living in the thickly settled sections of the United States will find a liberal education open to them concerning the vastness of the United States and the richness of its resources through a visit to the government's "Safety First Special," which will arrive in Newark, over the Baltimore and Ohio Railroad tomorrow, and be on exhibition near the local depot. Numerous interesting exhibits on the train point out strikingly what the federal authorities are doing to conserve the nation's natural resources and protect its products.

The train will arrive in Newark Tuesday noon and will be open to the public between the hours of 1 and 9 p. m. The exhibit of Forest Protection is of vital concern to people in all walks of life, for upon the agencies of protection which the government has provided in the forest reserves depends the future of the country's lumber supply. Until this work was undertaken systematically a large economic loss was sustained annually by fires and other agencies of destruction in the timberlands. Within a few years, however, the government has equipped an area embracing 156,000,000 acres of the National Forests with the means for protecting the timber against fire, the ravages of tree blight and other confounding influences. From an economic standpoint the Forest Protection Service is an important phase of the government's activities, a check having been put on forest fires which have cost the nation millions of dollars annually.

One of the 12 special cars has been fitted up with the complete equipment used in protecting the forests, and accompanying the exhibit are expert government employees who have for years been engaged in this work. The means by which the danger of fires is overcome and the equipment used in patrolling the timberlands are shown on the train, the various appliances being in working order.

The National Forests of the United States are safeguarded by a corps of patrolmen constantly on duty to detect fires and stamp them out as quickly as possible. This force is as fully equipped as city firemen and are provided with the necessary apparatus for checking the spread of flames. The patrolmen carry a prescribed area on foot and horseback, on speeders and motorcycles and in automobiles and launches. Signal actions are established in the forests and the patrolmen report to a central station. These stations are known as Lookouts, which are fitted up with field glasses, maps and instruments for locating fires; and when conflagrations are discovered these Lookouts summon fire companies which are stationed throughout the forests. The Lookouts are constructed of steel, with glass encasement to protect them against destruction.

In the National Forests are 20,000 miles of telephone lines connecting the patrolling forces and fire companies with the central station. A special system of signals is installed for communication by the patrolling forces at night. The equipment for fighting fires in the National Forests cost the government \$5,000,000. This embraces 2,500 miles of constructed road and 22,000 miles of trail maintained by the government to insure the safety of timber.

sets is the paramount consideration to the government force, barren areas unbreached by the public lands have been improved and trees have been planted to take care of the lumber requirements of the future. This also removes much of the danger to life from snowslides.

In the United States 1,200 cities and towns obtain their water supply from the National Forests and the patrol service is entrusted with preventing contamination. Predatory animals are destroyed by the thousands in the National Forest, the public is protected against rabies so prevalent among this class of animals and contagious diseases among stock grazing on forest preserves are eradicated.

The great train will be parked on what is known as the "transfer" track which will necessitate the blocking of the Third street crossing between the hours of 9 a. m. and 9 p. m. The local officials of the company have arranged with the city officials to place signs at the approaches to the crossing directing traffic to Second and Fourth streets.

It is difficult to break up the train as it is so arranged that visitors pass from one end to the other without leaving the cars. This same arrangement has been made in other cities with the consent of the officials. Newark officials deemed the exhibition of sufficient importance and interest to the citizens to allow the temporary blocking of the crossing, and this opinion is concurred in other cities.

The mastery work of Pitcher Orndorff in Sunday's game against the Hewitts, gave the Fitzsimmons team another victory Sunday by a score of 3 to 0. Newark was out-hit by the Hewitts but fast work by the Newark infield, coupled with Orndorff's cool work in pinches, kept the runners away from the plate and enabled the Newark club to win a shutout.

Not a game played in the Capital City League this season has excelled yesterday's contest for interesting situations. Several times during the game, the Hewitts were dangerously near the scoring point but in these situations, the pitcher and his supporting players seemed to grow cool and steady and each time the thing was done at the right time.

Two fast double plays, which for speed in execution, has not been excelled here, helped Orndorff materially and gave him the courage and confidence necessary for a successful pitcher.

A bit of excitement was provided in the seventh inning when Simpson attempted to score from first on a two base drive by Boie. Simpson got a life when he was hit by a pitched ball, after two men were out. Boie drove a fast one to deep left, the ball hitting the fence. Simpson attempted to score on the hit but perfect fielding by Cronin and Lewis released the ball to Grady and Simpson was caught at the plate.

In the eighth inning another exciting incident was staged by Nutter after he had singled to deep short. He stole second and the ball, missed by Lewis rolled into center field. Three Hewitt players "hunted" for the ball and Nutter after looking over the situation made a dash for third. The ball was not "found" until Nutter turned at third and started home. Then Armstrong quickly whipped it to Grady. Nutter made a pretty slide but was called out.

## WEHRLI SHOP MEN PLAY FAST GAME SUNDAY MORNING

The men of the north side shops of the Wehrli plant, defeated the south side men in an interesting game Sunday morning at Wehrli Park by a score of 5 to 4. Horning, Brown and McCarty divided hitting honors, Brown getting three singles and double while the other two men got a single and a double each. Laudenslager allowed the south-siders but six hits but his support worked at critical times and his opponents were able to score in a few hits. Nobody hurried during the game and the official scorer was kept on the job for three hours before the nine frames were played. The score:

**Unreliable Advertising.**

There has been a great change of sentiment in regard to the reliability of advertising. The writer can remember how as a boy he used to hear people deride statements made by advertisers. There was a widespread feeling that you couldn't believe the things you saw in print.

It is now realized that a merchant would better not advertise at all rather than put lying or even exaggerated statements into black and white. The people flock to his store, and if they find they are given shams, they feel they are "double crossed" and they take it to heart.

Advertising solicitors used to be met with the excuse from some merchants that they would not advertise, because the public would not accept their statements. That excuse is rarely given today.

Having produced this strong feeling in the public mind of business good faith, it is the part of wisdom for every merchant to see that it is justified. In certain classes of advertising, such as Get Rich Quick schemes, medical notices, etc., there is still a good deal of deception. It hurts the whole newspaper and retail trade business, because it does foster the lingering feeling in the minds of some that publicly made statements can't be depended on.

But no matter how many fakes are still printed by the newspapers, (the reputable home paper rarely gets caught, but metropolitan papers are careless in this matter), any individual merchant can build up public confidence in the accuracy of his statements. Let him take pains to display prominently every article he has advertised. After people have visited the store a few times, and have regularly found the goods as announced, the reputation for fulfilling promises is created and is easily maintained.

When a student is told that some other college has a better stadium, he feels little satisfaction in the rejoinder that his has a better science building.

A girl has to wear conspicuous colored shoes to be inconspicuous nowadays.

**An Ominous Situation.**

(Philadelphia Record.)  
It is characteristic of President Wilson that he never forms hasty judgments nor reaches an important decision until all the evidence is in. There are hundreds of statesmen in this country—principally Republicans—who know exactly what ought to be done in the present Mexican crisis. The President will not know until he learns from detailed reports precisely what occurred at Carrizal.

On the face of it, an unprovoked assault was made upon a small body of American soldiers by a superior force of Mexicans. General Pershing's preliminary account is brief and fragmentary, and is based on the stories of enlisted men who were not parties to the conference which preceded the attack nor fully acquainted with the purposes or intentions of their own leaders. The General's report, however, bears out the previously published press accounts of the encounter, and indicates not only that the Mexicans were the aggressors, but that their initial success was the result of native treachery. If fuller information should substantiate the stories told by returning stragglers, Mexico, whose de facto government assumes responsibility for the attack, has committed an act of war.

President Wilson is naturally reluctant to assume for this country the task of pacifying Mexico. His patience in dealing with our turbulent and truculent neighbor has been great. It is not, however, inexhaustible. The messages which he has caused to be dispatched to the naturally interested Latin-American Republics are sufficient to indicate that measures adequate to the demands of the situation are contemplated. The complete evidence justifies the conclusions to which surface indications point. The President has kept us out of war almost as long as such action was humanly possible. If he now finds it impossible to tolerate the conditions which have arisen in Mexico despite his best efforts to hold down the lid, the country will be solidly behind him in taking the necessary steps to supplant anarchy with order and to make every square mile of United States territory safe for the occupancy of American citizens.

**Close Quarters In Mexico.**

(New York World.)  
With habitual duplicity, which the Administration at Washington will do well to note, we have from the de facto government of Mexico versions of the recent affair at Carrizal, where Americans and Mexicans have been in conflict, which are sharply in disagreement.

While Foreign Minister Aguilar is complaining to the State Department that our troops made an unprovoked attack upon a Mexican force and is courteously seeking an explanation, Minister of War Obregon is boasting that the collision resulted from his order that no American soldiers were to move east, west or south, and First Chief Carranza is haranguing mobs in his capital, denigrating the United States and at the same time posing as a friend and a victim of the United States.

In these conflicting presentations of the Mexican side of the case we have a powerful illustration of the difficulties of the situation. It is possible, of course, that an American subaltern has blundered, but, knowing the instructions under which our forces are operating and the character of the men with whom they have to deal, the presumption that the Americans at Carrizal were wantonly assailed, as Gen. Obregon proudly claims, is very strong. Where all the elements of mischief have been so abundantly provided as is the case in Mexico today, fights like that now reported should excite no surprise; yet they need not necessarily lead to war.

For peace or for war, for pacification or for punishment, we have no business in Mexico except in force sufficient to meet every possible issue. The United States must not be defeated anywhere in that country on a small scale or on a large scale. Forbearance in peace is a splendid virtue. Forbearance in war, whether that war is open or disguised, is weakness not to be tolerated.

**Not In the Bull Moose Surrender.**

(New York World.)  
The report that Raymond Robins of Illinois will come out for Wilson is plausible. He is a sincere Progressive. It was as such that he became Chairman of the National Progressive convention two weeks ago and sounded the "keynote." This keynote is summed up in the words of his speech: "In 1912 we 'sounded forth the trumpet that shall never let retreat.' So far as we were concerned, that was what the trumpet was still sounding in 1916. The men who had acquired full title to ownership of the Progressive Party by money-purchase were at that moment engaged in bargaining with the 'robbers' of 1912 for a

**Readers' Viewpoint**  
Editor, Advocate:—Inasmuch as war with Mexico now seems inevitable, I am hoping that it will be "big, continuing and ended" according to the spirit and sentiment manifested by Abraham Lincoln in the closing words of the last inaugural address: "With malice toward none, with charity for all, with firmness in the right as God gives us to see the right, let us strive on to finish the work we are in, to bind up the nation's wounds, to care for him who shall have borne the battle and for his widow and his orphan, to do all that may achieve and cherish a just and lasting peace among ourselves, and with all nations!"  
If the hope that I have expressed, Mr. Editor, is not true "Americanism," and true patriotism and true Christianity as well—where shall I find the place thereof, and where shall I find the form and spirit thereof?  
M. R. SCOTT.

## Theatres

**The Auditorium.**  
For today and tomorrow the Auditorium will display the Metro five part photodrama "Playing With Fire," a most wonderful screening written expressly for Mme. Olga Petrova, the famous Polish emotional actress. In this production Mme. Petrova has the role of a camera operator, who becomes temporarily blind while making a cameo of the daughter of a wealthy man. He induces her to come to his home until she recovers her eyesight, and while there he falls in love with her. Out of gratitude she marries him.

While visiting artist friends in the city she falls in love with the brother of her dearest friend. In a moment of weakness she succumbs to his ardent advances. He soon discloses that he does not care for her, and disheartened she returns to her husband, whom she begins to love for his many sterling qualities. Soon afterward she finds that her step-daughter is in love with this same man, and that they are planning to marry. When she finds she cannot break off their relations, in desperation she confesses her affair with the man to her step-daughter.

**Nancy Royer.**  
Nancy Royer will open a week's engagement at the Auditorium theatre next week. She has many new plays to offer to her Newark friends, also a lot of new gowns. Miss Royer is just finishing a summer stock engagement over the Butterfield circuit in Michigan and this is to be her farewell engagement in Newark, as next season she will tour the International circuit with one play, the same now being written for her by a well known New York author.

**At the Gem.**  
"A Huntress of Men," a five act Red Feather photo-play has many claims to distinction. First of all, it furnishes Mary Fuller with a role as congenial to her as it is unusual. "The Huntress of Men" will be shown at the Gem theatre next Thursday afternoon and evening.

**Alhambra, Tonight and Tomorrow.**  
To those Americans who are kept from their customary trip to Europe by the present conflict, the Roman scenes in "The Making of Madalena" will bring pleasant memories.

In any case the picturesque Roman streets with cobble pavement, public fountain in the square before the Roman arch, the beggars, the bright colored dresses together with the scenes of student life create a very interesting atmosphere. This foreign flavor surrounds the story of a beautiful Italian model, Edna Goodrich as "Madalena" the model, stirs the imagination with the force of her sympathetic appeal. In scenes of strong pathos and suffering and her heroism in the stormy scenes of emotion that follow make the story alive with breath of reality.

This Morosco-Paramount attraction is coming to the Alhambra theatre tonight and tomorrow, with Edna Goodrich and Forrest Stanley in the lead.

# THE GOLD CLUB

The Greatest Systematic Savings Plan Ever Presented Starts July 1st

Now is The Opportunity To Build Your Fortune

In commemoration of the first savings bank in America we will begin on July 1st, 1916, an extensive campaign for the promotion of Thrift.

We extend an invitation to every member of the family to enroll his name in any of the following classes, all bear interest.

## This Club Is Continuous and You May Start at Any Time

### NUMBER OF CLASSES

- First, starting with 5 cents and increasing 5 cents each week.
- Second, starting with 10 cents and increasing 10 cents each week.
- Third, Start with 25 cents and save 25 cents each week.
- Fourth, Start with 50 cents and save 50 cents each week.
- Fifth, Start with \$1.00 and save \$1.00 each week.
- Sixth, Start with \$1.50 and save \$1.50 each week.
- Seventh, Start with \$2.00 and save \$2.00 each week.

"He who will not economize will have to agonize."

### IT COSTS NOTHING TO JOIN

and save money for education, a contemplated trip or building a home, to pay taxes, insurance, debt, to buy books, furniture, auto or anything for which you need money.

### "THOSE INDIVIDUALS

who save money are better workmen; if they do not their work better, they behave better and are more respectable; and I would sooner have in my trade a hundred men who save money than 200 who spend every shilling they get."

### EMERGENCY

To the wide-awake merchant or manufacturer we suggest the \$10.00 Weekly club for an emergency account and as a means of extending credit.

By joining the Gold club you encourage your employees and members of the household to save systematically.

"Sound economy is a sound understanding brought into action; it is foreseeing contingencies and providing against them."

### SPECIAL FEATURES

Each class runs 52 weeks. It costs nothing to join. Join any of the eleven clubs. Save systematically. You may pay in advance.

In case of accident, sickness or death the amount to your credit will be paid in Gold.

When comparison is made with other countries and a balance is struck, it is found that the United States is near the end of the list in the percentage of savers to population.

"Beware of the little expenses. A small leak will sink a great ship."

## In This Matter of Health

one is either with the winners or with the losers.

It's largely a question of right eating—right food. For sound health one must cut out rich, indigestible foods and choose those that are known to contain the elements that build sturdy bodies and keen brains.

## Grape-Nuts

is a wonderfully balanced food, made from whole wheat and barley. It contains all the nutriment of the grain, including the mineral phosphates, indispensable in Nature's plan for body and brain rebuilding.

Grape-Nuts is a concentrated food, easy to digest. It is economical, has delicious flavor, comes ready to eat, and has helped thousands in the winning class.

## Personal

Albert Hetley has returned to his home in Zanesville after a visit with relatives in this city.

Miss Daisy E. Stuart of this city is the guest of her brother, D. P. Stuart of Muskingum avenue, Zanesville.

Misses Lillian and Virginia Birkey have returned home after a ten days' visit with their sister, Mrs. J. A. Brown of Columbus.

Thomas O'Donnell of Coshocton, proprietor of the Smokehouse in that city was the guest of friends here for a few hours today enroute to Columbus, where he went to attend a political conference which is being held in the Capital City.

Miss Margaret Chapman and Wilbur Lutz of Zanesville were the

## THOUSANDS OF SICK WOMEN

Helped Every Year by Common Sense Suggestions Given Free by The Lydia E. Pinkham Medicine Co.

For forty years women suffering from all kinds of female ills have been writing the Lydia E. Pinkham Medicine Co. of Lynn, Mass., for advice.

Thus they receive common sense suggestions drawn from a vast volume of experience, and thousands of sick women have been saved from untold suffering, as letters like the following clearly show:—

Newark, Ohio.—"Lydia E. Pinkham's Vegetable Compound has made me a well woman. Your

Sanative Wash is just the thing to overcome female weakness. I have told young mothers as well as older ones about your remedies, and what they have done for me. I think Lydia E. Pinkham's Vegetable Compound saved

my life, as my health was very bad when I wrote you, but now I can do my own work and have not had a sick day since I began taking your remedies. I keep the Compound and Liver Pills on hand all the time."—Mrs. Geo. Thompson, 24 Elmwood Court, Newark, Ohio. Why don't you write for free advice?

## Executors' Sale of Very Desirable Property

Sealed bids are desired on the following described properties:

**FIRST PARCEL.**  
—“QUINCY HOMESTEAD” located at 110 Hudson avenue, about two squares north of court-house, in best residence district; well built of brick, 12 rooms; as an investment this property can be made into a duplex residence at a reasonable cost, and could be altered into an apartment house and be made an earning proposition. The location makes it suitable for physician's office and dwelling. Alley at side and rear. Appraised at \$7,500.

**SECOND PARCEL.**  
—“QUINCY FARM” 14 2-5 acres, more or less; located close to Newark city corporation line north of city. It is the third plot with house west of North Fourth street, on G. S. Pond Lane. Six-room house in fair order, gas on premises, fruit and berries. Land fertile and suitable for truck-gardening. Good barn. Appraised at \$7,000.

—All bids to be received not later than noon, Tuesday, June 27, 1916. Said bids to be directed to C. F. Sites, agent for executors.

—The executors reserve the right to reject any or all of bids received. Terms, cash upon delivery of deed.

—For further particulars call or address C. F. Sites, 22 East Locust street, Newark, Automatic Phone 1747.

Plan Big Celebration.  
Residents of White Cottage, Mus-  
kingum county, are planning a  
monster Fourth of July celebration  
which will be held in Thompson's  
grove. A fantastic and industrial  
parade will take place at 10 o'clock  
and a big basket dinner is on the  
program for the noon hour. Ad-  
dresses of a patriotic nature will be  
given by H. W. Kuntz and A. A.  
George of Zanesville and Prof. Ed-  
gar A. Kolb of Columbus. There  
will be band music all day and a  
program of athletic sports in the af-  
ternoon.

The W. C. T. U. will meet in the  
First Presbyterian church Tuesday  
afternoon, June 27 at 2:30 o'clock.  
The subject will be Current Events.  
Let all members please be present.  
Remember the Garden Party.  
The girls of the Twentieth Cen-  
tury Club will give a garden party  
next Friday, June 30, from 4 to 9,  
on the Kibler lawn, 179 Granville  
street. The party is given for the  
benefit of the baby ward in the New-  
ark Hospital.  
In Police Court.  
In police court this morning four  
drunks, two train riders and one  
loiterer were arraigned before May-  
or Bigbee. Fines of \$5 and costs  
were assessed against the drunks.  
The others were fined \$1 and costs  
each.  
Spending Vacation Here.  
Ernest Moore, son of Mr. Lou-  
ise Moore, is spending the summer  
with her mother at Buckeye Lake.  
Mrs. Moore, who came through with  
her husband from the Pacific coast,  
stopped over in Chicago to visit her  
parents and will join her husband  
in a week or ten days. Mr. and Mrs.  
Moore are noted vaudeville artists  
and have been playing the big West-  
ern circuit.

Tenth U. S. Cavalry.  
In The Advocate bulletin window  
may be seen two large photographs  
of the Tenth U. S. Cavalry which  
suffered heavy loss at Carrizal,  
Mexico, last week. These pictures  
are the property of Charles Henry  
now employed at the American  
Bottle factory but who for three  
years was a member of Troop C, U.  
S. cavalry. Many of the men who  
were killed in the engagement last  
week in Mexico were all personal  
friends of Mr. Henry.  
Excellent Fishing.  
Fishermen were out in force on  
Buckeye Lake yesterday, a large  
number going out late Saturday  
night, spending the entire night in  
landing blue gills, Lake Eries and  
cats. Quite a few good catches were  
made and a number of bass taken,  
several of them weighing over four  
pounds each.  
Home on Visit.  
Joseph Schrier, the well known  
contractor residing in Granville  
street, returned home Saturday  
night from a several months' stay in  
Oklahoma where he was engaged in  
drilling for oil, bringing in several  
good wells. Mr. Schrier expects to  
return to complete several other con-  
tracts.  
Aged Woman Fractured Hip.  
Mrs. Eli Timms, 80, met with a  
very serious accident for a woman  
of her advanced years, on Saturday,

at her home 286 Hudson avenue. In  
some way she slipped and fell and  
in falling fractured her right hip.  
She is resting more comfortably to-  
day. Dr. F. E. Corkwell is in at-  
tendance.

What Was He Doing?  
Residents of West Church street  
witnessed the unusual sight Sunday  
night of a street car conductor with  
a lantern down on his knees in the  
street watching the operations of the  
wheels of a street car, as they passed  
over the switch near Sixth  
street. The jitney collector did not  
"get out and under," but he did get  
out with his lantern and assume a  
religious position, while the car  
crept onto the switch. Witnesses to  
the conductor's maneuvers were puz-  
zled by his actions.

Bible Class Meeting.  
The Harvest Bible Class of Ply-  
mouth church will meet Tuesday  
evening, June 27, with Miss Ina  
Guellip, 121 West Church street. All  
members are urged to be present.

Masons Attend Service.  
A large number of Newark Masons  
joined their Granville brothers Sun-  
day night and attended services in a  
body at the Granville Presbyterian  
church, Rev. E. D. Barnes, pastor of  
the church delivered an excellent ser-  
mon.

## TWO NEWARK MEN PASS BAR EXAMINATION

Fletcher S. Scott, justice of the  
peace, and Harold E. Rutledge, a  
student at Ohio State University, suc-  
cessfully passed the state bar exam-  
ination held at Columbus several  
weeks ago. Mr. Scott, known to his  
friends as "Scottie," resides in the  
Kellenberger flats in South Second  
street, his office being in South

FLECHER S. SCOTT.

Third street. Mr. Rutledge is the son  
of Mrs. Cora C. Rutledge, of 242  
West Locust street, his father being  
the late Thomas V. Rutledge of the  
clothing firm of Rutledge Brothers.  
The young men will be sworn in as  
lawyers at 9 o'clock in the supreme  
court room of the state capitol at  
Columbus.

An Associated Press dispatch to  
The Advocate states that out of a  
class of 274 applicants who took the  
state bar examination for certificates  
admitting them to practice law in  
Ohio, 216 were successful, 58 failing.  
Among the applicants were six young  
women, all of whom passed. The  
three securing the highest grades  
were Clifford W. Elliott, of Hamil-  
ton, 91.7; Lowell C. Bodey, of Ur-  
bana, 91; Benjamin D. Gordon, of  
Cleveland, 90.4.

## ALL DAY MEETING HELD SUNDAY AT WOODSIDE CHURCH

Mr. C. W. McCann, the tenor  
singer, came over from Columbus  
with Messrs. Benedict Evans, Han-  
son and Giffin for an all-day meet-  
ing at Woodside Presbyterian  
church yesterday. The ladies of the  
church served dinner and support in  
the gymnasium. All these men came  
with gospel messages and Mr. Mc-  
Cann with his splendid voice, be-  
lieved to be the best ever heard at  
Woodside, not only told the gospel  
story most effectively, but sang it  
most inspiringly. Mr. McCann will  
be at Woodside Tuesday evening to  
sing and speak. Meetings all this  
week, except this evening, beginning  
at 7:30 o'clock. Public cordially  
welcome.

## GEORGE MOORE IS HELD FOR CARRYING GUN

On an order issued several days  
ago by the police department, Geo.  
Moore was arrested Saturday night  
in East Main street and lodged at  
the city prison. Today an affidavit  
was filed against him carrying con-  
cealed weapons. Officers who search-  
ed him found a 32 caliber automatic  
pistol in his pocket.

Moore's arrest was ordered when  
Charles Slane, saloonist in West  
Main street, reported that \$20 had  
been stolen from the cash register.  
Moore was suspected of the theft  
but no affidavit was filed at that  
time as Slane was promised that the  
theft would be made good.

Moore has been on his good be-  
havior for more than a year follow-  
ing his arrest on a charge of forging  
orders for drugs. He was prosecuted  
by state and federal officers.

The railroad commission of Cal-  
ifornia has authorized the sale of the  
capital stock of the Laton & West-  
ern Railroad, 20 mile line in Fresno  
County, to the California, Arizona &  
Santa Fe Railway Company for the  
sum of \$1.

## SAVED FROM THE SURGEON'S KNIFE BY NERV-WORTH

Mrs. Neva Whittaker Gained Sixteen  
Pounds in Weight.

This enthusiastic endorser of Nerv-  
Worth, who lives at 4232 Water  
street, Wheeling, tells one of the  
most convincing Nerv-Worth stories  
that ever went into a newspaper.  
Here it is:

"Was sick seven years. Had sev-  
eral doctors. Was in hospital. They  
advised an operation. Had stomach  
trouble and all the ailments that go  
with this disease.

"Have taken Nerv-Worth treat-  
ment and my condition is improv-  
ing greatly. I can do part of my  
house work now, which was impos-  
sible to do before taking the medicine.  
I could not stand on my feet long  
enough to attend to any part of my  
housework until Nerv-Worth came to  
my rescue.

"I give Nerv-Worth all the credit  
of saving me from the operating ta-  
ble and regaining my health and am  
satisfied Nerv-Worth will cure me.  
I have gained 16 lbs in weight and  
am getting stronger every day.

"Mrs. Neva Whittaker."

## Granville

[Special to The Advocate]

Granville, June 26.—The ap-  
paratus for the automatic switch-  
board for the Newark Telephone  
company has been placed in the sec-  
ond story of the Smith building,  
where the work of installing it is be-  
ing pushed with vigor. The new in-  
struments will soon be placed and  
by the first of August if not sooner,  
a first class automatic telephone ser-  
vice will be running in Granville.

Mr. and Mrs. Foley of Columbus  
were week-end house guests of Prof.  
and Mrs. Frank Ray on the Newark  
road.

The following is taken from the  
local society news in an Indianapolis  
paper: "Miss Gerude Tuttle has  
left for Burr Lake, Mich., where  
she will open Pinewood Camp, June  
28. The members of the camp from  
Indianapolis and vicinity will leave  
June 27 on special through Pullmans  
for Alanson, Mich. where they will  
be met by the camp launch. The  
chaperones will be Miss Clara  
Eaglesfield and Miss McKibben of  
Indianapolis, and Mrs. Besaw of Cin-  
cinnati. Special parties will also  
leave Detroit and Chicago on the  
same day." Miss McKibben has been  
in Granville at the home of her  
father, Dr. G. F. McKibben, for the  
past week making preparations for  
camp where she has the honor of  
being Junior Counselor. She left  
today for Michigan.

Mrs. John Black of Licking was a  
week-end visitor at the home of her  
mother, Mrs. John Larimore in  
East College street.

Mrs. R. S. Colwell, who with her  
family is at their summer home in  
Boothbay Harbor, Maine, writes  
that weather conditions there are  
unfavorable, that it has rained al-  
most steadily all spring and that the  
natives are blue and discouraged. An  
occasional good day however makes  
amends for much. Dean Colwell is  
an efficient "skipper" and spends  
much of his time on the water.

In the list of winners in the  
Booklovers' contest published in yester-  
day's Columbus Dispatch, the  
names of four of the Granville con-  
testants appear. Prof. Raymond  
Pence, Prof. Walter Livingston,  
Mrs. E. C. Roberts, and Miss Emma  
Jewett.

The pulpit of the Baptist church  
was occupied on Sunday evening by  
Rev. J. E. Conant, formerly of Day-  
ton, who has moved to Granville to  
educate his children. The discourse  
was an eloquent and powerful one—the  
first heard in Granville by this  
gifted preacher.

## MANY WOMEN TESTIFY.

Columbus, Ohio.—"I was so well  
pleased with the use of Dr. Pierce's  
Favorite Prescription that I am glad  
to endorse it. I was run-down and  
had female trouble and I doctored  
with several medicines with no benefit.  
The 'Favorite Prescription' put me on  
the road to health. I used seven  
bottles and this medicine was the  
means of my recovery. I have been  
well since, with no return of the  
trouble. I have recommended this to  
others who have come back to thank  
me on account of the benefits they  
received."—MRS. MARY J. DILLING-  
HAM, 136 Norwick St., Columbus, Ohio.  
Lancaster, Ohio.—"I have had a test  
of 'Favorite Prescription' and it proved  
a very satisfactory medicine. I took  
it in the spring. I used the contents of  
two bottles and it did all I could expect  
and more. I felt just fine after I had  
used it. You may say it is a good  
tonic and strengthening medicine for  
women."—MRS. J. W. KEAN, 363 E.  
Main St., Lancaster, Ohio.

The mighty restorative power of  
Doctor Pierce's Favorite Prescription  
speedily causes all womanly troubles  
to disappear—compels the organs to  
properly perform their natural func-  
tions, corrects displacements, over-  
comes irregularities, removes pain and  
misery at certain times and brings  
back health and strength to nervous,  
irritable and exhausted women.

What Doctor Pierce's Favorite Pres-  
cription has done for thousands it  
will do for you. Get it this very day  
from any medicine dealer, in either  
liquid or tablet form.

Doctor Pierce's Pellets are unequaled  
as a Liver Pill. Smallest, easiest to  
take. One tiny, Sugar-coated Pellet  
a Dose. Cures Sick Headache, Bil-  
ious Headache, Dizziness, Constipa-  
tion, Indigestion, Bileless Attacks, and  
all derangements of the Liver, Stomach  
and Bowels.

few from Newark, were favored with  
a splendid address by Rev. E. D.  
Barnes, in the Presbyterian church  
on Sunday evening, June 25, in ob-  
servance of St. John the Baptist day.  
The text was found in the first chap-  
ter of the gospel according to John,  
the sixth verse: "There was a man  
who was sent from God and his name  
was John." Mr. Barnes is a magnetic  
speaker and his address made a deep  
impression on his audience. The  
special music was furnished by the  
Masonic quartet, composed of Prof.  
M. E. Stickney, Messrs. W. P. Ul-  
man, Kenneth Ullman and Harold  
Kier, who sang two selections with  
unusually fine effect, without the aid  
of an accompaniment.

Miss Dora O. Lisle and her brother,  
Mr. W. H. Lisle, are entertaining  
at their home in Broadway this af-  
ternoon and evening in honor of Mr.  
and Mrs. G. N. Safford of Rockford,  
Ills., who will be their guests during  
the coming week.

Mr. J. H. Newton of Newark was  
a guest at the Lisle home in Broad-  
way Saturday evening for dinner.  
Mr. W. H. Lisle, Miss Dora O. Lisle  
and their house guests, Mr. and Mrs.  
G. N. Safford, of Rockford, Ills., were  
guests at dinner Sunday of Mr. and  
Mrs. T. M. Edmiston at their home in  
Hudson avenue, Newark. For sup-  
per the party were entertained at the  
home of Dr. S. C. Priest in Fifth  
street.

Prof. C. W. Henderson left today  
for Chicago where he will take a  
course in the university this summer.  
Captain David Cordray of Newark,  
was in Granville Sunday calling on  
friends.

Mr. J. S. Jones returned yesterday  
from a business trip to New York.

The Kings Daughters will hold  
their regular meeting this evening in  
their rooms in Linden flats. A large  
attendance is expected.

Mr. E. F. Hobart has completed a  
neat addition to his home on the  
Newark road.

Miss Helen Ray returned Friday  
from Kenyon where she and Miss  
Dorothy McCann of Dayton, former-  
ly of Denison, were members of a  
commencement house party.

The house committee of the Ladies'  
Social Union has invited the women

The presence of several high army  
officers at the war department un-  
til long after midnight last night  
gave rise to some speculation, but it  
was said afterwards, however, that  
they had remained to study Captain  
Moore's report. These officers in-  
cluded General Scott, chief of staff,  
General Bliss, assistant chief of staff,  
Judge Advocate General Crowder and  
Lieutenant Colonel Baker, assistant  
quartermaster general.

## ACTIVE WORK BEGUN MUSTERING IN THE INDIANA MILITIA.

(ASSOCIATED PRESS TELEGRAM)  
Indianapolis, June 26.—The active  
work of mustering into the federal  
service the members of the Indiana  
national guard now encamped at Fort  
Benjamin Harrison began this morn-  
ing. It is being conducted under the  
supervision of four United States  
army men and a number of medical  
examiners. Several days will be re-  
quired to complete the work, it is  
said. Although no special orders had  
been received at an early hour this  
morning the work will be rushed.

## GIRLS LEFT TO DANCE IN THE '49 CAMP

While in Newark last week the Rutherford Carnival attraction, "Camp '49," advertised for ten young girls. It is said that a couple of well known girls left with the aggregation and will be found dancing with the "fellows" of the Capital City this week, an exhibition being given there in East Main street. This morning's Times-Recorder had the following:

"Zanesville may be thankful to the Rutherford Carnival for one thing at least, namely: Two of the quota of street-running girls were taken out of town with the shows. The two damsels went with the '49 Camp' show. One was a decided brunette and the other a decided blonde.

"They now dance with the male companions who visit the show for 15 cents and sell 'em a drink of ginger ale for 10 cents. Some life!"

## NEURALGIA'S ONE SYMPTOM

Neuralgia is a disease which has but one symptom—pain. The pain of neuralgia is sharp and shooting with intervals of freedom. An attack of neuralgia does not give immunity but recurrences are the rule. The same nerve is generally affected which means that this particular nerve has lost its resistance and that there will be recurring attacks until the strength of the nerve is built up. How can the strength of a nerve be restored? The nerves are nourished entirely by the blood and weak nerves are toned up by supplying to the blood the elements that the nerves lack. As the general health and strength of the patient are built up the nerves resume their normal functions, inflammation caused by lack of nutrition disappears and the neuralgic attack ceases. Dr. Williams' Pink Pills are a tonic exceptionally well suited for the treatment of neuralgia, because they contain no alcohol, stimulating or habit-forming drugs. The tonic treatment with these pills is well worth a trial by any sufferer from neuralgia. Write today for booklet on nervous disorders to the Dr. Williams Medicine Co., Schenectady, N. Y. Four own druggists sell the pills or they will be sent postpaid at 50 cents per box.

**STOP NEURITIC PAINS.**

by removing the cause of the nerve pain. There is a lack of the delicate nerve fluid. Lion-o-lex penetrates the tissues, re-insulates the nerve, stops the leak. It is not a drug—contaminates or counteracts. It simply stops the leak. Lion-o-lex is a scientific discovery used by the most prominent physicians in England and by the British Government in military hospitals. Guaranteed to stop whenever it occurs. Lion-o-lex is for external use, and Lion-o-lex Liquid for internal use. You can get Lion-o-lex Unguent at Evans Cut Store, who sells it under a guarantee—money back if it fails.

## C. B. KNAUBER IS AWARDED A HANDSOME CAR

The local aerle Eagles wound up their convention week Saturday night by awarding a five-passenger six-cylinder Buick to the holder of a ticket to one of the concessions. C. B. Knauber of 111 North Fifth street, employed as a janitor at the First National bank, held the lucky number and was awarded the automobile. Mr. Knauber purchased two tickets, the machine costing him fifty cents. It is valued at \$1000. The awarding of the machine took place at exactly 11 o'clock at the carnival grounds. Dr. J. T. Lewis and H. D. Hale acted as judges and called a little girl into the machine from among the large number of spectators present. She was blindfolded and drew numbers from a large can which contained duplicates of all tickets that had been disposed of. It being the twenty-fourth day of the month the judges announced that the twenty-fourth ticket drawn from the can would be the one which would secure the automobile. The can was well shaken after each number was drawn. The twenty-fourth number proved to be 1970 and the stub showed that it was held by Carey B. Knauber of 111 North Fifth street. The automobile was turned over to him by the convention committee today. The Eagles will make a report on the convention at a meeting to be held Thursday evening when all bills will be ordered paid. It is possible that the local aerle will make a little money on the week, the diamond ring contest and the awarding of the automobile proving paying propositions. The carnival was not well patronized, it being the third to visit the city this season, and the expense of erecting the shows was much more than had been estimated. The Eagle convention committee returns thanks to all citizens who so generously supported them and made the bringing of the state convention to this city possible.

## MAY PROVE FATAL

When Will Newark People Learn the Importance of It?  
Backache is only a simple thing at first. But if you find 'tis from the kidneys. That serious kidney troubles may follow. That dropsy or Bright's disease may be the fatal end. You will be glad to know the following experience. "The statement of a Newark citizen. Mrs. Helen A. Deenis, 50 German St., Newark, says: 'I suffered dreadfully from pains across my back and I had rheumatic twinges in my limbs. My feet and hands became swollen. I had dizzy spells and it was hard for me to keep on my feet. The kidney secretions were unnatural. Several doctors gave me medicine, but I wasn't helped. Finally I used Doan's Kidney Pills and two boxes permanently cured me. I am now in good health; my back is stronger and my kidneys are normal.' Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Deenis had. Foster-Milburn Co., Props., Buffalo, N. Y.

## GOVERNOR WELCOMES BIG CONVENTION OF ADVERTISING CLUBS

(Associated Press Telegram)  
Philadelphia, June 26.—The thousands of delegates to the 12th annual convention of the Associated Advertising Clubs of the World were welcomed today by Governor Brumbaugh, Mayor Smith, Provost Smith, of the University of Pennsylvania and Robert H. Dublin, president of the Poor Richard club. William Woodhead, of San Francisco, was to respond to the addresses of welcome at this morning's session. A street parade will be held tonight. The first division will portray "the history of advertising" in pageantry; the second, a display of those accomplishments in which Philadelphia has been first, and the third will consist of the visiting clubs. At midnight, a cabaret under the auspices of the Chicago and other western clubs will be held. On succeeding nights cabarets will be given by the visitors from other localities. Commercial houses are urged by the Government to save their old correspondence as material for the paper mills. One large house that formerly burned about 500 tons of old letters each year is now selling them.

Chief Conspirator in Sinn Fein Revolt in Ireland—Defense Retains American Lawyer.

(Associated Press Telegram)  
London, June 26.—Sir Roger Casement, chief conspirator in the Sinn Fein revolt in Ireland, faces today trial for his life on a charge of high treason in the high court of justice.

Up to the very moment of the opening of the trial no indication was given by his counsel as to what would be the nature of the accused man's defense. Francis R. Doyle of Philadelphia, who has been retained by Casement's family, has refused to say anything beyond denying a report that his client would throw himself on the mercy of the government. Sir Roger Casement has been in jail since April 25, when he was captured on the west coast of Ireland, after having been landed from a German steamer which was attempting to run the British blockade and land a cargo of arms in Ireland for the projected revolution. The steamer was blown up by its crew when they found that its capture by a British patrolboat was inevitable. Up to a year before the war broke out, Casement had been in the British consular service in which he served a total of 18 years. He had attained wide celebrity for his exposure of the rubber atrocities in Brazil and also in the Congo. Shortly after the outbreak of the war, Casement went to Berlin where he opened negotiations for aid for an Irish rebellion. On his arraignment before a magistrate following his capture, Irish prisoners of war who had been exchanged, testified that he had endeavored to persuade captured soldiers to join a revolutionary force which was to be despatched to Ireland.

## PROMOTES GOOD HEALTH.

Avoid badly ventilated places and as a protection against disease use safe and reliable hyclorite frequently. As a mouth wash and gargle it destroys germs of odor and decay. For cuts, bruises and burns it cleanses and prevents infection and helps to heal quickly and healthfully. Hyclorite is remarkably pure and economical. It is recommended by physicians, used in hospitals and extensively sold by druggists, because as an antiseptic and germicide it acts instantly, is powerful yet positively safe and always dependable. Keep hyclorite on hand always as first aid for your protection. You never know when a pin scratch, cut or bruise will lead to blood poisoning. General Laboratories, Madison, Wis.

## AMERICANS BUILD BREASTWORKS WITH HEAVY SAND SACKS

(Associated Press Telegram)  
Naco, Ariz., June 26.—United States soldiers are today engaged in the erection of a line of breastworks in a northwesterly direction across the border from the United States immigration office. This action was taken following the receipt of reports considered authentic that 1500 Mexican troops had arrived within a few miles of Naco, Sonora. The soldiers constructed the defensive line on the border with sacks of sand. They made no effort to dig trenches. Two troops of cavalry and one company of infantry, comprising about 200 men are on guard here. Citizens of Naco held a meeting today and began the organization of a company of home guards. They also sent a telegram to Gen. T. M. Davis at Douglas, asking that more troops be sent.
